

TOWN OF GOSHEN
42A North Street, Goshen, CT 06756
APPLICATION FOR INLAND WETLANDS PERMIT

Date of Application: _____ Application Fee (See Schedule): _____

This is an application for permission to conduct a regulated activity affecting an inland wetlands, watercourse, or an upland regulated area in accordance with section 22a-36 to 45 inclusive of the General Statutes as amended and the Inland Wetlands Regulations of the Town of Goshen.

Property Location: _____

Tax Assessor's Record Map #: _____ Lot #: _____

Applicant Information:

Name: _____

Address: _____

Phone: _____

FAX: _____

Email: _____

Applicant's Interest in Property: _____

Property Owner Information:

Name: _____

Address: _____

Phone: _____

FAX: _____

Email: _____

(If more than one owner, attach list to application)

Proposed Regulated Activities: _____

Nature and Purpose of Project: _____

Is there a conservation or preservation easement on any part of this property? _____ YES _____ NO

Total Property Acreage: _____ **Total Acreage of Development:** _____

Total Acreage of Wetlands on Site: _____ **Total Acreage Altered:** _____

Total Acreage of Open Water Body on Site: _____ **Total Acreage Altered:** _____

Total Linear Feet of Watercourses on Site: _____ **Total Linear Feet Altered:** _____

Total Buffer/Upland Review Area Altered: _____

Total Area of Wetlands and/or Watercourses Restored, Enhanced, or Created: _____

Were there prudent and feasible alternatives to the proposed wetland, watercourse, and upland review area alterations? _____ **YES** _____ **NO**

If yes, what were they? _____

If no, why not? _____

Is this property within 500 feet of a town line? _____ **YES** _____ **NO**

(If yes, the applicant must notify the adjacent municipal wetlands agency by certified mail, return receipt requested, on the same day of filing this application with the Goshen Inland Wetlands Commission/Land Use Office. Documentation of this notice shall be provided to the Commission.)

Does any portion of this proposed project fall within a Public Watershed Protection Zone (R-WP)? _____ **YES** _____ **NO**

(If yes, the applicant must notify the Water Company by certified mail, return receipt requested, on the same day of filing this application with the Goshen Inland Wetlands Commission/Land Use Office. Documentation of this notice shall be provided to the Commission.)

The undersigned owners of the subject property (if not applicant), being all owners of record of said property, hereby authorize the undersigned applicant to make this application as their agent, and hereby consent to all activities described in said application.

The undersigned owners of the subject property hereby consent to necessary and proper inspections of said property by members of the Goshen Inland Wetlands Commission and/or agents of the Commission at reasonable times both before and after a final decision has been issued by the Commission.

The undersigned applicant and owners of the subject property hereby warrant the truth of all statements contained herein and in all supporting documents according to their best knowledge, information, and belief.

Applicant's Signature: _____ **Date:** _____

Owner's Signature: _____ **Date:** _____

INLAND WETLANDS APPLICATION REQUIREMENTS:

Applicants are to submit 3 copies of the application along with the proper application fee unless an agent determination is being sought (see attached fee schedule). Payment should be made out to Town of Goshen.

Applicants must submit 3 copies of supportive data for their application in the form of site plans and/or reports. A suggested list is included with this application. The Commission reserves the right to request additional information at any time during the review process.

To help facilitate the application and review process, applicants are urged to contact the Inland Wetlands Officer before planning and applying for the proposed project.

If a Public Hearing is required, the applicant must pay an additional \$100.00 public hearing fee. Payment should be made out to Town of Goshen.

When a Public Hearing is scheduled, the applicant shall notify persons whose property abuts the property of the proposed activity (include those parcels across roadways, right-of-ways, and watercourses) by certified mail, return receipt requested. All evidence of the certified mail is to be given to the Inland Wetlands/Land Use Office no sooner than three (3) municipal business days before the date of the Public Hearing regarding the applicant's proposed activity. The notice should include the date, time, and exact location of the public hearing, a description of the proposed activity, and the exact location of the property where the activity is proposed.

FEE SCHEDULE:

Basic Inland Wetlands Application	\$125.00
Permit Extension or Transfer	\$125.00
Each After-the-Fact Activity	\$225.00
Subdivisions	\$100.00 per lot
Agent Determinations	\$125.00

All applications requiring a public hearing will be an additional \$200.00

The fees set forth above are the minimum application fees required. When the actual cost of processing an application exceeds the minimum application fee due to the need for outside consulting services, the Commission shall charge the applicant a surcharge fee to fund the approximate actual cost of processing the application.

The expenses for such outside consultants (for example, but not limited to, engineering, traffic, environmental, and planning professionals) may be estimated by the Commission upon receipt of the application based upon the projected expenses of reviewing, evaluating, and processing the application. The reasonable estimate, together with the appropriate application fees set forth above, shall be paid forthwith, and the application shall be deemed incomplete until these fees have been submitted.

Any portion of the surcharge fee not expended by the Town on the application shall be rebated to the applicant upon completion of the review, evaluation, and processing of the application.

The Commission shall bill the applicant for any costs incurred by the Town in excess of the surcharge fee paid by the applicant. The bill shall be paid by the applicant prior to the issuance of any permits.

*****NO PERMIT WILL BE ISSUED UNTIL ALL FEES ARE PAID*****

SUGGESTED SUPPORTIVE DATA FOR INLAND WETLANDS APPLICATIONS:

- Site Plans:
 - Scale no greater than 1" = 100'
 - Survey provided of existing conditions at A-2 Survey standards.
 - Plans stamped by Connecticut state licensed engineer, surveyor, and/or architect.
 - Boundary lines of wetland soil types with adjacent soil type information. Show and number individual wetland flags on the map. Verify that the wetland flags are still intact in the field; if not, re-flag wetland boundary. Soils information should be shown on the map and signed by a Certified Soil Scientist. Indicate upland review area boundary indicated 100' from wetland soils.
 - Indicate area of activity detailing improvements. Include existing and proposed stormwater discharge locations, utilities, paving, streets and/or drives, grading, landscaping, any structures with finish floor elevations, etc.
 - Existing and proposed contours/elevations to be shown at either 1- or 2-foot intervals. Establish elevations referring to mean sea elevation as established by the U.S. Coast and Geodetic Survey.
 - Show the storm drainage with design details and specifications.
 - Show sewage disposal with design details and specifications. Provide Torrington Area Health District approvals if septic.
 - Show the 100-year flood elevation, existing and proposed.
 - Indicate on drawings any watercourses, intermittent and/or perennial (see definitions) and vernal pools or other water bodies. Indicate upland review area boundary indicated 100' from watercourses/water bodies.
 - Show watershed drainage areas.
 - Provide storm drainage calculations, existing and proposed.
 - Provide a sedimentation and erosion control plan showing location of all erosion controls and construction schedule. Include erosion control narrative indicating stabilization methods, seeding recommendations, and timing.
 - If filling or removing material from site, provide a description of material to be removed or brought in, including type and quantity.
 - Show source of water supply and/or location of well. Provide Torrington Area Health District approvals.
- Provide a copy of any other permits that were granted for this project by any other agency (examples: Water Quality Certificate, US Army Corps of Engineers 404 permit, DEP Dam Permit, DEP Water Diversion Permit, DEP Wetlands Permit for drainage area over 100 acres, etc.).
- Provide an Environmental Impact Statement (if requested); include Soil Scientist Report, Engineering Report, an evaluation of plant and animal species associated with the project site, and the probable effect of the proposed activity on the ecosystem.
- Anything else deemed necessary by the Commission to fully evaluate the application and its potential impacts on wetlands or watercourses.
