- 1. Call to Order** — The meeting was called to order by Mark S Harris at 7:00 pm
- 2. Approval of Minutes:** The minutes for the July 30, 2019 regular Meeting were presented for approval. A MOTION WAS MADE BY Simon Ellis, SECONDED BY Marty Harris to approve the minutes. SO VOTED.

3. Individual Lake Updates/Information:

Dog Pond:

Joe reported that the pond's second treatment was done August 22nd and the results are great. We are now able to fish mostly without weed interference. We had a green algae bloom but that took care of itself in short order. We were told that is a normal process with dying weeds.

West Side Pond:

Simon reported that the Curley pond weed was not affected by the treatment and are considering suction harvesting to address those species not responding to the past treatment. They had to do an IRT report to comply with state requirements. He proposed that he order a required sensor for our testing gear and the cost to be split 3 ways. Agreed to by Tyler and Dog Pond.

Woodridge Lake:

Richard Reis reported that they have a three year permit for sonar. The law suit has been withdrawn and are looking forward to next season to begin and actively manage their lake. They are creating a power point presentation that will be made available to the other lake after Nov. 23rd

Tyler Lake:

Marty Harris gave a report on Tyler. Lake weed control continues to be excellent. Fishing, including trolling has not been this good in the last twenty years. We are now discussing next year management including what if anything to do with the biomass build up along the marsh.
