Subject: Indoor Pickleball Court

To whom it may concern;

I am writing to express my enthusiastic support for the establishment of an indoor pickleball court in Goshen, CT, to cater to the recreational needs of families in our community. As an avid pickleball player and a resident of Goshen, I believe that having an indoor facility will greatly enhance the quality of life for families in our area.

Pickleball has become increasingly popular across all age groups, offering a fun and engaging activity that promotes physical fitness and social interaction. However, our community currently lacks adequate indoor facilities for pickleball or other healthy family activities, especially during inclement weather and colder months.

By investing in an indoor pickleball court, we can provide families with a safe and accessible space to enjoy this beloved sport year-round. Not only will it encourage physical activity and healthy lifestyles among residents, but it will also foster a sense of community and camaraderie as families come together to participate in friendly matches and tournaments. Furthermore, an indoor pickleball court would offer a recreational outlet for children, teenagers, adults, and seniors alike, promoting intergenerational bonding and social cohesion within our community. It would also attract visitors from neighboring towns, boosting local businesses and tourism in Goshen.

I believe that the establishment of an indoor pickleball court aligns with our community's values of promoting health, wellness, and inclusivity. Therefore, I urge you to consider this proposal seriously and allocate the necessary resources to make it a reality. Thank you for your attention to this matter. I look forward to seeing the positive impact that an indoor pickleball court will have on our community.

Sincerely, Heidi Aleman
