

Town of Goshen  
Board of Selectmen  
Lake Weed Management Committee

Special Meeting Minutes

Town Hall Conference Room  
June 24, 2015 7:00 PM

Present: Steve Romano (Chair), Michelle Fitzpatrick (TL), Nell Glass (WSP), Santo Manicone (DP), Ken O'Hara (WL), Richard Reis (WL), Chris Sanders (WSP)

Absent: Frank McCarthy (TL), Lida Exstein (DP)

1. **Call to Order** – Meeting called to order at 7pm in the First Selectman's Office.
2. **Discussion upcoming public meeting with Dr. Knoecklein.**

The presentation was discussed. Everyone has seen it and are comfortable with it. However, it is important that the attendees understand that Dr. Knoecklein's presentation only contains a preliminary set of options. Subsequent work by the Committee and residents of each lake will develop specific remediation plans.

It was decided to state at the presentation that the Committee was committed to developing those individual lake plans and to be in a position to report on these by early October. The Committee also agreed that it was important to make it clear that everything to date had been done using funds raised by the Committee via donations plus the DEEP AIS grant (save a small donation from the Recreation Department for Camp Coch). The Committee asked Chris Sanders to be spokesperson for the Committee on the 27th.

Logistics for the meeting were discussed. The Committee agreed to arrive at 9am to setup. Nell Glass volunteered to contact Ida Hunt at GCS regarding access to the building and the availability of sandwich signs to publicize the meeting location.

Steve Romano has a conflict on Saturday and will be represented by Bob Valentine.

3. **Meeting Adjourned** – The meeting was adjourned at 7:58pm.

By Chris Sanders, Committee Secretary
